Describe Firm’s Services in 50 words or less:

Ownership

- [ ] Corporation
- [ ] Limited Liability Company (LLC)
- [ ] Limited Liability Partnership (LLP)
- [ ] Partnership
- [ ] Privately Owned Corporation
- [ ] Publicly Owned Corporation
- [ ] Professional Service Corporation (PC)
- [ ] Sole Proprietor
- [ ] S Corporation

Type of Firm

- [ ] Architecture
- [ ] Land Surveying
- [ ] Professional Engineering
- [ ] Certified Small Business
- [ ] DBE Disadvantaged Business Enterprise
- [ ] DVBE Disabled Veteran Owned Business
- [ ] MBE Minority Business Enterprise
- [ ] WBE Women’s Business Enterprise

Minority Status

Firm Affiliation

If the firm is engaged in or affiliated with a business that provides services other than engineering, land surveying or architectural design, please check the box at left and provide additional information below or on a separate page if needed:

PRIMARY CONTACT PERSON List additional individuals on Page 2

The firm’s key contact person must be a principal in the firm and a professional engineer in the state of Iowa. This person must be located at the main firm office listed at the top of this page. Their name and title will be published online.

Name (typed or printed): ___________________ Title: ___________________

(Page 1 of 4)
**INDIVIDUAL MEMBERS**  *Including Primary Contact Person from Page 1*

First list the firm’s Primary Contact Person from the bottom of Page 1. Please also list principals, partners, officers and additional persons who have an interest in ACEC or ACEC/Iowa and who shall represent the firm as members.

- Military Facilities & Amories
- Mining & Mineralogy
- Missile Facilities (silos, fuels, transport)
- Modular Systems Design, Pre-Fabricated Structures or Components
- Natural Gas
- Naval Architecture, Off-Shell Platforms
- Nuclear Facilities, Nuclear Shielding
- Oceanographic Engineering
- Odor & Corrosion Control
- Office Buildings, Industrial Parks
- Ordnance, Munitions, Special Weapons
- Parking Structures
- Partnering and Mediation Services
- Pavement Evaluation
- Petroleum & Fuel (storage and distribution)
- Petroleum Exploration, Refining
- Pipelines (cross-country, liquid & gas)
- Planning & Reports
- Planning (community, regional, state)
- Planning (site, installation, and project)
- Plumbing & Piping Design
- Pneumatic Structures, Air-Support Buildings
- Postal Facilities
- Poultry Engineering
- Power Generation, Transmission, Distribution
- Precast Concrete
- Prisons & Correctional Facilities
- Process Engineering
- Product, Machine & Equipment Design
- Productivity Analysis
- Project and Program Management
- Purchasing and Procurement
- Purchasing Procurement
- Radar, Sonar, Radio & Telescopes
- Radio Frequency Systems & Shielding
- Railroad, Rapid Transit
- Recreation Facilities
- Rehabilitation (blids, structures, facilities)
- Remedial Design
- Resource Recovery, Recycling
- Retail Stores & Restaurants
- Right-of-Way Services
- Rivers, Canals, Waterways, Flood Control
- Roofing Consultant Service
- Safety Engineering, OSHA Studies
- Sanitary Engineering
- Scanning (AEC Drawings, CAD, Vectorize, Color Graphic Art, Full Scale)
- Scanning Electron Microscopy
- Sea Walls
- Security Systems, Intruder & Smoke Detection
- Seismic Designs & Studies
- Sewage Collection, Treatment & Disposal
- Smoke Testing Services
- Soils & Geologic Studies, Foundations
- Solar Energy Utilization
- Solid Wastes, Incineration, Land Fill
- Special Environments, Clean Rooms, Etc
- Steel Mills
- Storm Water Handling & Facilities
- Structural Design, Special Structures
- Structural Failure Analysis
- Sub-Surface Utility Engineering
- Sugar Engineering
- Surveying, Platting, Mapping, Flood Plain Studies
- Swimming Pools
- Telephone Systems
- Testing & Inspection Services
- Towers (self-supporting & guyed systems)
- Toxicology and Hazardous Materials
- Traffic & Transportation Engineering
- Training
- Trenchless Technology
- Tunnels & Subways
- Underground Storage Tanks
- Urban Renewals, Community Development
- Utilities (gas & steam)
- Value Analysis, Life-Cycle Costing
- Vibration Mitigation
- Vibration Monitoring
- Warehouses & Depots
- Water Resources, Hydrology, Ground Water
- Water Rights
- Water Supply, Treatment & Distribution
- Welding Engineering
- Wind Tunnels, Research & Testing Facilities Design
- Work Standards Development
- Zoning, Land Use Studies
**Annual Membership Dues Information**

The budget for the fiscal year, beginning July 1, is based upon prompt payment of dues by the end of the first quarter. Dues not paid by December 15 are considered delinquent and the firm will be dropped from the membership roster. However, arrangements to make partial payments without loss of membership may be made with the approval of the Treasurer.

All new member applicants are required to pay at minimum a prorated quarter of annual dues upon approval of membership. Thereafter, dues may be paid in full annually, or in four equal quarterly payments on the schedule below.

- **First Quarter:** July 1 – September 30
- **Second Quarter:** October 1 – December 31
- **Third Quarter:** January 1 – March 31
- **Fourth Quarter:** April 1 – June 30

Membership dues are calculated upon the number of the firm’s employees, as described and declared on Page 1.

**For national ACEC membership:**

- **Parent Firm:** Dues are based on all personnel in the home office, branch offices and subsidiaries, internationally.
- **Branch Office:** If the parent firm is not an ACEC member, dues are based upon all personnel in the branch office.

**For ACEC/Iowa membership:** Dues are based upon all personnel in Iowa offices.

Contributions or gifts to the American Council of Engineering Companies (ACEC) and the American Council of Engineering Companies of Iowa (ACEC/Iowa) are not tax deductible as charitable contributions for income tax purposes. However, they may be tax deductible as ordinary and necessary business expenses subject to restrictions imposed on association lobbying activities.
